

40 distribution boxes

Overview

IP40 Surface distribution boxes with 12, 18, 24, 36 and 54 modules of capacity. Available with white or transparent door. Supplied in individual packaging. Our flexible distribution boxes enable reliable, decentralised signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. They are supplied with all the elements assembled. In addition to the high quality, the modern designs and the numerous application possibilities of our surface-mounted distributors, we attach great importance to expertise and advice. Various versions of distribution boxes, a large selection of materials, voltage ranges, rated currents and IP protection types / protection classes for indoor and outdoor use, as well as a wide range of accessories and tools such as WAGO plug-in terminals, crimping tools, cable ties, wire end. Wieland is your experienced and reliable partner for efficient, pluggable and decentralized electrical installation. Today, electrical systems are essential for homes and industries.
