

African NJFF Optical Cable Manufacturer

Overview

YOA Cable, Africa's largest optical fibre cable manufacturer, is known for delivering world-class optical fibre products and exceptional customer service. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible. An ADSS cable is a non-metallic fiber optic cable designed for aerial installation along power lines. With a dielectric, weather-resistant sheath, it withstands environmental factors, providing secure, high-capacity data transmission without extra support wires. Our product portfolio includes the following: Yangtze Optics Africa Cable (YOA Cable) has solidified its position as the largest optical fiber manufacturer in Africa following a significant expansion investment of ZAR 160 million in its 14,000 m² optical fiber manufacturing facility, located at the Dube Trade Port in KwaZulu-Natal. Established in 1911, M-TEC has developed into a market leader in the wire and cable industry and today the company is ranked as one of South Africa's largest.
