

# Corrosion-resistant F1 distribution box

## Overview

This power distribution box offers both explosion-proof and anti-corrosion features, ensuring optimal safety in industries that require high safety standards, such as oil, gas, mining, and chemical industries. Pepperl+Fuchs provides a specialized portfolio of Ex d (flameproof) and Ex tb (dust protection by enclosure) certified terminal boxes and junction boxes engineered for reliable use in explosion-hazardous areas. With flameproof/intrinsically safe designs and durable materials (aluminum alloy, GRP, stainless steel), it prevents sparks/high temperatures from igniting. Safely conduct, connect and distribute energy in hazardous areas with R. Our products are certified for installation technologies all over the. From Junction boxes to industrial enclosures, Delvalle weatherproof enclosures offer a wide range of sizes and styles to keep your project waterproof.
