

High-density AC-DC power supply 4U in stock

Overview

PowerPAC4K is a high power density configurable AC-DC power supply, offering up to 4000W, fan cooled, incorporating EMI filtering, transient protection, output protections, robust mechanical package, and connections required in most severe environments for industrial . PowerPAC4K is a high power density configurable AC-DC power supply, offering up to 4000W, fan cooled, incorporating EMI filtering, transient protection, output protections, robust mechanical package, and connections required in most severe environments for industrial . EPS's Electronic Power Supplies »E/PSI 10000-4U« series new electronic high performance power supplies are especially suitable for test systems and industrial controls due to their compact construction in a 19" enclosure with 4 height units (U). DC output voltages between 0-60V (SELV) and 0-2000V. Power: 4000W max. The PPS series are digitally controlled high voltage AC controlled power supplies with high power density at the best output characteristics. Thanks to the additional external 24V power supply, it is possible to. The iHP24/30 Air Cooled configurable power supply is 100% digitally controlled in a 706. 5 mm package and provides eight individual slots that accept intelligent DC-DC converter modules. Each slot may be populated with a 3000 W plug-in module with an output voltage range from 0. 6. Due to the rapid changes in the development of server power supplies, GW Instek developed the brand new flagship model ASR-6000 series to meet customer needs. The ASR-6000 series has two models - ASR-6450 AC / DC 4. 5kVA and ASR-6600 AC / DC 6kVA ASR-6000 is the first stand-alone unit from GW Instek. Our low voltage AC-DC capabilities An introduction to our broad range of high-performance AC-DC power solutions, applications, and technical support.

Article Content

Chroma Unveils Next-Generation Bidirectional DC

Chroma is excited to announce the release of its next-generation bidirectional DC power supply, model 62450D-2000HL, delivering gamechanging

4U Power Supplies

Upgrade your server with our 4U power supplies. Enjoy high efficiency, robust performance, and reliable support for multiple graphics cards. Shop now for top quality!

E/PSI 10000 4U Laboratory Power Supply 30-1920 kW

EPS's Electronic Power Supplies »E/PSI 10000-4U« series new electronic high performance power supplies are especially suitable for test systems and industrial controls due to their compact

4U ±24V DC Industrial PC PS2 ATX Power Supply (225mm length)

DC/DC, ATX, AT, power, supplies, fanless, industrial, SFX, high-power, converter, 1u, 2u, 4u, open frame

Rackmount Mart

Rackmount Mart - Rackmount Chassis Online. Access the wide variety products of rackmount chassis, rackmount, rackmount lcd/kvm, wall mount, disk array, ipc, riser

EMERSON DELTAV KJ1501X1-BC3 Fisher Rosemount Power Supply

Complementing this power supply is the **Fisher Rosemount F7 Rack**, a **19-inch, 4U high, NEMA 4X/IP66-rated enclosure** specifically engineered to house DeltaV and Rosemount control

High density configurable & conduction cooled power

When maximum power and a compact solution are crucial, Vox Power delivers an unmatched range of the smallest, high-density power supplies—perfectly suited

CA Instruments AST6003A1 AC Power Source

The CA Instruments AST6003A1 AC Power Source delivers high-density, programmable AC and DC power with intuitive touchscreen control. Featuring

Highest Density SuperBlade® Server for HPC

Supermicro SuperBlade servers are optimized for data center, HPC, and enterprise apps in 4U, 6U, 7U, or 8U form factors with optional NVMe drives available.

Impow Embedded Power Supply, 4u DC48V/120A, Output AC and DC

1 Introduction: EU48120 is an AC/DC embedded power system with Excellent performance such as high power efficiency, intelligent battery management, remote management,

iHP24/30 Air Cooled | 24k to 30k W Configurable AC-DC Power Supplies

The iHP24/30 Air Cooled configurable power supply is 100% digitally controlled in a 706.8mm x 447.0mm x 132.5 mm package and provides eight individual slots that accept intelligent DC-DC

powerPAC4K : AC-DC modular & configurable | PST

powerPAC4K AC-DC power supply, up to 4000W, 1-16 outputs Description: Configurable AC-DC power supply Type: AC-DC Input: 85-265Vac, 47-63Hz or

Semiconductor & System Solutions | Infineon Technologies

AC-DC power conversion for telecommunications infrastructure DC-DC power conversion for telecommunications infrastructure FPGA in wired and wireless telecommunications applications RF

Chroma Unveils Next Generation Bidirectional DC Power Supplies:

Chroma is excited to announce the release of its next-generation bidirectional DC power supply, model 62450D-2000HL, delivering gamechanging single-unit power density of 45kW in a 4U high form factor.

Infineon releases 12 kW high-density power supply unit | Infineon ...

To achieve high-performance levels, the design leverages advanced power conversion topologies in both the AC/DC and DC/DC power stages. The front-end AC/DC converter features a 3-level flying

Delta Presents Comprehensive Solutions for AI Data Center with ...

Delta, founded in 1971, and listed on the Taiwan Stock Exchange (code:2308), is a global leader in switching power supplies and thermal management products with a thriving portfolio

Infineon Nexperia Power MOSFETs for Industrial-Grade Switching

□□ Introducing the N36200 Wide Range Programmable DC Power Supply Delivering high performance, precision, and flexibility, the N36200 series from NGI Tech is engineered to meet demanding testing ...

SMAJ series Transient Voltage Suppressors (TVS) Da

MAD180 series - 180W High Power Density Medical AC/DC power supply in a 2x3 inch package 2022-04-19-New Product Introduction P-DUKE has announced the latest extension of its high-power

8KW high frequency and high power density PSU for AI data centers

With a size of just 40 mm x 73.5 mm x 450 mm (including chassis) and 100 W/in³ power density, REF_8KW_HFHD_PSU shows a viable approach for achieving higher power density and efficiency

4U Rackmount Chassis / InWin / IW-RL400

The IW-RL400 is a 4U rackmount chassis designed for AI applications, including LLM and generative AI workloads. Pre-installed with an industrial-grade 360 mm

CF35613763E54CE284F0D4C53E8F5B Datasheet, PDF

CF35613763E54CE284F0D4C53E8F5B Datasheet. Part #: CF350-A12C. Datasheet: 129Kb/4P. Manufacturer: Murata Power Solutions Inc.. Description: 350 Watt High Density AC/DC Power

High Voltage AC

With low ripple, high stability, and a range of output control options, our high voltage power solutions offer low cost of ownership and ease of integration and use,

Powerpac4K High Power Density Configurable AC-DC Power Supply

They can be set up in parallel or serialized for high-power configuration and integrate individual control and monitoring. powerPAC4K is a very scalable power supply for industrial, test & measurement and

6kVA Multi-output Programming AC/DC Power Source

The series employs third-generation semiconductor silicon carbide (SiC) technology to create a 4U 6kVA high power density and high-performance AC /DC power
