

# Nordic Distribution Box Protection Manufacturer

## Overview

We are a Danish manufacturer, based 50 km south of Copenhagen. Since 1988 we have specialized in the production of lamella packaging which protects against pressure, shock, impact, deformation, surface damage, and high stacking loads. With our Internet pages regarding our location in Norway, we would like to provide you with dedicated information about our activities in the North-European markets. Fast, flexible, worldwide and sustainable collection and reconditioning of used IBCs – we offer our customers a unique service in all. Find your nearest Nordic Semi distributor and discover those around the globe. Our products consist of pressed woodfibre material and are. Our Mini Bags (5g-150g) are specifically designed for protecting sensitive electronics, with options for adhesive backing. They're ideal for switchboards, light clusters, and sealed electronic enclosures. What preparation is needed before installing Nordic Dry?

Inspect the container for floor. New pallet types for IBCs, innovative drums and jerrycans, a systematic recycling concept: Schütz Nordic again underlined its technological leadership at this year's Scanpack, the premier Scandinavian trade fair for the packaging industry. With our Nordic roots and headquartered in Finland since 1966, we create robust and industry-leading products and solutions, protecting power distributions, control systems, and.
