

# What is an ABS cable management frame

## Overview

Cable managers made from ABS material offer a compelling mix of mechanical reliability, installation ease, and fire safety, making them ideal for structured cabling systems in offices, data centers, and industrial control rooms. ABB offers a total ev charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility. ABB's Low. Smart FilteringAs you select one or more parametric filters below, Smart Filtering will instantly disable any unselected values that would cause no results to be found. Pricing (USD) Filter the results in the table by unit price based on your quantity. Tariff may apply to this part if shipping to. WIRING HARNESS ABS - 4S/4M FRAME with a material number 4471006450 is available. It combines: Styrene This blend yields a material that is tough, rigid, yet lightweight, and easy to integrate through methods like injection molding, 3D printing. Cable management refers to the organisation of electrical and optical wires. Common terms used to refer to the same systems are cable setups. Brick is a modular and adaptable cable management system designed for desks, consisting of special "bricks" that can be adjusted to achieve the desired height.
